

Maine Alcohol & Other Drug Abuse Treatment Services

June 2006

Prepared by:
Information and Resource Center
Maine Office of Substance Abuse
Department of Health & Human Services

Maine Alcohol & Other Drug Abuse Treatment Services

This directory provides a list of alcohol and other drug abuse treatment services available in the State of Maine. Detailed information on these agencies and their services, as well as the most recent changes and updates to the information provided here, is available from the online directory at <http://www.maineosa.org/help/directory.htm>.

If you do not have access to the web, the Information and Resource Center can print the information you need.

A separate directory of self help and support group meetings is also available.

Treatment Agencies: Please notify the Office of Substance Abuse of any changes to your listing. An **online change form** is available at <http://www.maineosa.org/directory>. Helping us provide accurate and timely information will promote continued quality service for people throughout the State of Maine.

Maine Office of Substance Abuse Programs and Services Directory

Find Treatment Agencies, Prevention Programs and more on the web!

This online searchable directory is the most **up-to-date** listing of agencies and programs.

- 1) Go to: <http://www.maineosa.org/help/directory>
- 2) Click on Programs and Services in Maine Directory
- 3) Choose one of the following:

Fill in the “**Quick Search**”
box for when you want to look up
a single agency by name.

**Quick Search Tip: To locate agency
information with the Quick Search,
use any portion of the agency name.*

OR

Select an option at the “**Search
for Program or Service**” box
for searching by type of program, for
example: Treatment.

4) SUBMIT

5) Select ‘**GO**’ at the next screen to see all entries.

Types of Treatment Services

Detoxification (ASAM Levels IV-D, III.7-D, III.2-D, I-D & II-D)

A "detox" may be a hospital based, freestanding, or outpatient program that provides assessment, diagnosis, and medical treatment to stabilize people who are experiencing withdrawal from alcohol or other drugs.

Detoxification Management

Some detoxification services are provided through a special contract with Aroostook Mental Health Center and are available at selected Region III hospitals (Aroostook, Hancock, Penobscot, Piscataquis, and Washington Counties). These hospitals are in addition to the ones listed under Detoxification. When calling a contracted hospital, you may need a contact name or additional information which can be found on the full entry on the web. You can also call the Office of Substance Abuse Information and Resource Center listed on this publication and request this information.

Residential Rehabilitation (ASAM Level III)

Residential treatment programs provide services in a full (24 hours) residential setting. The program shall provide a scheduled treatment regimen which consists of diagnostic, educational, and counseling services; and shall refer clients to support services as needed. Clients are routinely discharged to various levels of follow-up services. There are three categories of residential care:

Residential Treatment & Extended Shelter (ASAM Level III, Category I)

Residential treatment programs maintain a basic focus on early recovery skills, including the negative impact of chemical dependency, tools for developing support, and relapse prevention skills.

Halfway House (ASAM Level III, Category II)

Halfway houses are residential programs that provide support for sobriety, and prepare clients to re-enter the work force and re-establish themselves in the community. The programs help clients develop socialization skills and vocational needs. Treatment stays are up to 180 days.

Extended Care (ASAM Level III, Category III)

Clients with extensive substance abuse or coexisting disorders of substance abuse and mental illness may enter an extended care program, a residential treatment program that offers treatment stays in excess of 180 days.

Intensive Outpatient (ASAM Level II.I)

Nonresidential rehabilitation programs provide intensive and structured substance abuse treatment, three to four days a week. The programs usually last three or four weeks and may be conducted during the daytime or in the evening.

Outpatient Services (ASAM Level I)

This treatment model is non-residential. Outpatient programs offer individual, group and family sessions, usually for an hour or ninety minutes once a week.

Medication Assisted Treatment for Opioid Addiction

Detoxification - This is a program that provides opioid detoxification. The detoxification process involves the reduction of Methadone to a zero dosage upon discharge.

Opioid Treatment Program (OTP) - Under medical supervision, OTP clinics administer opioid agonists, monitor dosages, and provide counseling to people with a dependence on heroin or other morphine-like drugs.

Shelter

Shelters provide food, clothing, and lodging for up to twelve hours a day. Shelter programs can also motivate people to seek and enter treatment.

Co-Occurring Disorders

Agencies where treatment for substance abuse and co-occurring mental health conditions is integrated in policies, procedures and practices.

APPENDIX B

Services for the Deaf and Hard of Hearing

The following is a list of resources for the hearing impaired. In addition to these resources, selected programs funded by the Office of Substance Abuse are required to provide special services for hearing impaired under their contract. Services for the Hearing Impaired are indicated on the agency's description.

Maine Relay Service

Voice and TTY: 711

Dial this number to reach a TTY from a voice telephone, or voice from a TTY. Use this service to reach Maine Center on Deafness listed above, if not utilizing a TTY. Operator will ask which number you wish to reach and where you are calling from. Operator will mediate discussion. Only charge is cost of telephone call between you and the agency/person you are contacting.
